Your Login.gov account is now created and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- Text or voice message**
Receive a secure code by (SMS) text or phone call.
- Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
- Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number, and then click the appropriate radio button to receive a one-time code either by text message or phone call. Click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

Step 4

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are not someone else pretending to be you.

Note: This is a one-time identity verification; if you have already proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and CJA. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph explains the purpose of the verification. A list of four requirements is provided, each with a numbered icon and a brief description. A red arrow points to a blue "Continue" button at the bottom of the page.

Let's verify your identity for CJA eVoucher User Acceptance Testing

- 2 Enter your Social Security number**
You will not need your physical SSN card.

- 4 Re-enter your Login.gov password**
Your password saves and encrypts your personal information.

Step 2

Select the check box to allow Login.gov to ask for, use, keep, and share your personal information to verify your identity, and then click **Continue**.

Next, verify your phone number. To do this, in the **Phone number** field, enter your phone number, and then click the appropriate radio button to receive a one-time code either by text message or phone call. Click **Send code**.

The screenshot shows the progress bar with the fourth step, 'Verify phone or address', highlighted. A green banner at the top says 'We verified your information'. The heading 'Verify your phone number' is displayed. A message states: 'We'll check this number with records and send you a one-time code. This is to help verify your identity.' Below this, it says 'Enter a phone number that is:' followed by two bullet points: 'Based in the United States (including U.S. territories)' and 'Your primary number (the one you use the most often)'. A link 'Learn more about what phone number to use' is provided. The 'Phone number' field contains '(210) 555-5555' and is highlighted with a red box. Below the field, the question 'How should we send a code?' is asked. Two radio buttons are shown: 'Text message (SMS)' (selected) and 'Phone call'. The screenshot shows the same progress bar as in Step 7, but now the 'Verify phone or address' step is completed, and the 'Secure your account' step is active. A green notification box at the top says 'We verified your phone number'. Below this, the heading 'Re-enter your Login.gov password' is displayed. A message states: 'Login.gov will encrypt your information with your password. This means that your information is secure and only you will be able to access or change it.' At the bottom is a blue 'Continue' button, highlighted with a red box and a red arrow pointing to it.

Step 9

The system generates a personal key, which you'll need if you ever forget your password or lose your authentication method. Keep your key in a secure place and do not share it with anyone. Select the check box to confirm that you have saved your personal key, and then click **Continue**.

The screenshot shows a progress bar at the top with five steps: 'Getting started', 'Verify your ID', 'Verify your information', 'Verify phone or address', and 'Secure your account'. The first four steps are completed, indicated by green checkmarks. Below the progress bar is a green notification box that says 'We secured your verified information'. The main heading is 'Save your personal key'. In the center, a red shield icon contains a white box with the personal key: 'VGCH - MCDA - CGYR - HAX8'. Below the key, it states 'Your personal key was generated on January 22, 2024 at 11:33 AM' and provides links for 'Copy', 'Download (text file)', and 'Print'. A warning message follows: 'You need your personal key if you forget your password. Keep it safe and don't share it with anyone.' Below this, it explains that resetting the password without the key requires re-verification. A link 'Learn more about the personal key' is provided. Beginning with release 6.11, you must create an account in the Vendor Manager System (VMS) to manage your payment account information, including electronic file transfer (EFT) payments for your services. Expert vs. Expert Enter

CJA eVoucher allows two designations for experts to complete the voucher: Expert and Expert Enter. When a service provider signs in, they see a list of all of their documents on the home page. The Expert role allows the service provider to sign in to eVoucher, view any documents the attorney is creating on their behalf, verify that the information is correct, and run reports or copies of the CJA-21 or CJA-31.

The Expert Enter role allows the expert to complete their voucher after the attorney has created it. If the attorney selects an expert who has these privileges, they can decide if the attorney or the expert will complete the voucher. The expert can then enter the correct information and submit the voucher back to the attorney for approval.

CJA-21/31 Entry

The attorney creates the CJA-21 or CJA-31 voucher. If you have Expert Enter rights, the attorney can allow you to enter the services and expenses. You will receive an email message informing you that a voucher has been created on your behalf and that you can enter your information on the voucher.

Step 1

Sign in to the eVoucher application. The voucher should appear in the My Documents section of your home page.
